HEROIC MISS EDENS. WILL MAKE JOURNEY

On Duty Fifty Hours Nursing Four
Fever Patients.

SENDS ON STEGOMYIA

Dr. Rosenau Forwarded to Surgeon
General Wyman Four Hundred
Specimens For Study In
Government Laboratory.

New Orleans, Sept. 19.—The fever situation indicates improvement, the Monday list of cases, though exceeding Sunday's, giving promise of lower record this week than last. In several centers of the city, where yellow fever heretofore prevailed, it has disappeared, and cases now under treatment are generally scattered, there no longer being nests of infection. The state board has sent a nurse to Natchitoches parish, in which there are a number of cases of fever. One positive and one suspicious case of yellow fever have been found on a government boat at Kemp's Bend, north Louisiana. The infection is traceable to New Orleans.

Fever fighters at Lake Providence are under great strain owing to the number of cases, and Dr. Bernard wired the state board specially commending Miss Edens, who remained on duty fifty hours at a stretch with four cases, one of them having black vomit.

Baton Rouge developed the only single case, but Dr. Corput of the marine hospital service says this is typical. Authorities there are trying to trace the infection to New Orleans, but have not yet succeeded.

Considerable of a panic was reported at Kentwood, near which a single case of fever has been reported, and other communities in Tangipahoa parish are putting armed men on the roads to prevent the Kentwood people from getting out.

Governor Vardaman and party came down the Illinois Central railway to a point near Kentwood to arrange for protection of Mississippi from the infection through that point, Kentwood being near the state line.

Dr. Rosenau, the bacteriologist of the marine hospital service forwarded a jar of 400 specimens of stegomyia, which he gathered here, to Surgeon General Wyman for study in the government laboratory. Dr. Rosenau says that while some proof is needed it is improbable that local bacteriologists who have been at work here have discovered the germ of yellow fever.

Up to noon Tuesday there were twelve new cases and two deaths.

PLANS EXPLAINED.

Board of Consulting Engineers Listen-
ed to Views of Two.

Washington, Sept. 19.—The board of consulting engineers of the isthmian canal commission Tuesday devoted time to hearing explanation of plans for canal which Mr. Bunau-Varilla and Linden W. Bates respectively formulated. Mr. Bunau-Varilla was engaged on canal work as engineer under the French regime and he has given much time to study of the problem. Mr. Bates is a civil engineer of New York.

Mr. Bunau-Varilla told the board that under the proposed method the canal will be built and put into operation within five years. It could be deepened to sea level within five years more.

A novel feature of his plan is to construct locks from foundation below sea level. The highest locks on the canal as finished first, will be 130 feet above sea level.

With locks built down to sea level depth the work of dredging the canal could be continued without interrupting its operation for commerce. The same locks could be utilized at every depth until sea level is reached, when the locks could be taken out.

The plan Mr. Bates proposes is to locate the principal dams on either side of the isthmus to the sea, thus conserving the waters from streams into two mammoth lakes. He pointed out that this would eradicate swamps and tend to revolutionize health and sanitary conditions on the isthmus.

REAL WORK BEGINS.

Grand Sovereign Lodge of Odd Fel-
lows Gets Down to Business.

Philadelphia, Sept. 19.—The real work of the annual communication of Odd Fellows began Tuesday when the various resolutions for new legislation as amendments to present the laws were introduced at the business session. An exhaustive discussion takes place on the question of affiliation with Manchester Unity. There is considerable objection to negro membership. Prize drill work was resumed.

Propeller Damaged.

Halifax, N. S., Sept. 19.—Steamer Bremen, disabled and in tow of steamer Luolen, was sighted at entrance of this harbor, heading into the harbor. The Bremen is bound from New York to Bremen. The Lucien sailed for New York from Shields, Sept. 5. The Bremen's propeller is damaged. A number of passengers are on board.

President Roosevelt Intends Visiting
Crescent City.

ANXIOUS TO GO SOON.

Feels the Keenest Solicitude in the
Condition of the Yellow Fever
Stricken Sections and Do
What is Desired.

Oyster Bay, Sept. 19.—President Roosevelt, who on Saturday last opened the Diamond exposition given at New Orleans for the benefit of the yellow fever sufferers, received the following telegram from Mayor Behrman of that city:

"Athletic Park, New Orleans, Sept. 16, 1905.—Hon. Theo. Roosevelt, President, Oyster Bay, N. Y.: The people of New Orleans thank you heartily for your expressions of sympathy and the help you are giving us. We are stamping out yellow fever and you are aiding us. Should you come to New Orleans our appreciation and feelings will be shown in the welcome we will give you. I write this as the sentiment of the 30,000 citizens who surround me and of all the people of the city."

"MARTIN BEHRMAN,
Mayor of New Orleans."

In reply to suggestion in Mayor Behrman's dispatch, President Roosevelt sent the following:

"Oyster Bay, Sept. 18, 1905.—Hon. Martin Behrman, Mayor, New Orleans, La.: I thank you for the telegram of the 16th. Nothing has been closer to my heart this summer than the welfare of the people of Louisiana and New Orleans, and each day the first information I have sought has been the progress of the fight against the scourge which they have suffered."

"My trip to the south begins Oct. 18. I had expected to arrive in New Orleans Tuesday, Oct. 24. If the people of Louisiana and New Orleans desire me to come at that time I shall come. If they desire me to come later I will make a second trip for the express purpose of visiting Louisiana and Arkansas. I wish you to consider in the matter simply the wishes of the people of Louisiana and New Orleans, and also, of course, the question of quarantine regulations of other states. In so far as they would be effected by my entering them after leaving Louisiana. I shall do whatever the people of New Orleans and Louisiana wish subject only to the feeling of the other states in this quarantine matter."

"THEO. ROOSEVELT."

SIX DEATHS MONDAY.

Thirty-Four New Yellow Fever Cases
Also Developed That Day.

New Orleans, Sept. 19.—Following is yellow fever report up to 6 o'clock Monday evening: New cases, 34; total to date, 2605; deaths, 6; total, 341; new foci, 9; cases under treatment, 311; discharged, 1953.

There are several well known names contained in the new cases, but in the six deaths none of them are of prominence.

The country situation is still a source of concern because of the appearance of infection in new localities far from the known centers of infection. The diagnosis of fever in Mer Rouge, Moorenoug parish, near the Arkansas border, has been confirmed and Dr. A. L. Thomas has been placed in charge by the state board. The situation near Bayou Natchez in Natchitoches, looks bad also and the charges there are more cases than have been reported makes it worse.

Another point of infection is Everett, in Vernon parish, near the Texas border. This has not officially been announced, though there is no doubt about it. The patient died and the body has been buried.

Other country reports were: Bayou Bouef, two new cases.
Patterson, four new cases.
Tallulah, ten new cases, one death.
Kenner, nine new cases.
St. Rose, three new cases.
Terre Bonne-parish, seventeen new cases, one death.
Bayou Natchez, three cases.
St. Bernard parish, three new cases.
Evergreen, Avoyelles parish, two cases.
Lake Providence, nine cases, two deaths.

Mississippi Summary.

Jackson, Sept. 19.—Mississippi yellow fever summary for Monday is as follows: Vicksburg, four new cases, one death; Natchez, three new cases; Hamburg, one new case.

BOYD CONFESSES.

Marine Hospital Clerk Is Charged
With Manipulating Vouchers.

Washington, Sept. 19.—Secret service officers arrested James W. Boyd, a clerk in the public health and marine hospital service, for manipulating vouchers pertaining to the business of the office by which he is said to have secured in the last two years over \$20,000. When confronted with the charge Boyd confessed. In several instances vouchers for small amounts were cleverly raised to considerable sums. Boyd is about forty years old and married, his wife at present being in Europe.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - - Per Month, 40c

WEDNESDAY, SEPTEMBER 20.

Hon. Jeff McLemore has revived State Topics, published at Austin, and which announces that Hon. James. B. Wells is in the race for governor.

The Eagle has received with the compliments of the Palestine Herald, a half tone picture of Hon. T. M. Campbell, which the Herald labels "Next Governor of Texas."

In speaking of her husband Nan Patterson says: "He loves me, and in my moments of quiet reflection, I am convinced that I love Leon." Which leaves it up to Leon to keep Nan quiet if he has to chloroform her.

Headlines in the Houston Chronicle say: "Sir Thomas Lipton kicked in the face during review of Scottish troops by King Edward." The King must be getting pretty spry in his old age, not to say coltish.

SHOOTING AT MUMFORD.

Mumford, Tex., Sept. 18.—Saturday night about 8:30 o'clock a shooting took place between two negroes, Columbus Harris and Y. B. Taylor, but fortunately no one was hit, while there were several bystanders close by. Columbus Harris was arrested this morning by Constable George W. Seale. He made bond and was released.—News.

Greenville, September 26 to 30.
Llano, September 28 to 30.

Bryan, October 17 to 20.
Dallas, October 28 to November 11.

Houston, November 13 to 18.

The meetings at Kerrville and Fredericksburg, two of the smaller cities of the circuit have been held already. It was considered judicious to hold no meetings in these three cities this year, because of the unfavorable conditions created by the state quarantines.

RESOLUTIONS OF SYMPATHY.

The following resolutions of sympathy for Mrs. Annie Johnson and family have been adopted by Bryan Chapter No. 222, Order of the Eastern Star:

Whereas, by the mysterious providence of God, Miss Sallie Holland Johnson, daughter of Sister Annie Johnson, has been removed from our midst by the hand of death,
Resolved, That Sister Johnson, and members of her family have the deep sympathy of the members of this chapter, who knew and loved her daughter for her sweet, womanly, christian character, and filial devotion.

Resolved, That we feel keenly the irreparable loss our sister has sustained, and in offering our condolence we realize that God alone can heal the wounds of sorrowing hearts, when in the fullness of time, loved ones are re-united where death cannot enter and parting never comes.

Resolved, That a copy of these resolutions be recorded in the minutes of this chapter and conveyed to Sister Johnson, and that copies be furnished the city papers for publication.

ERROR EXPLAINED.

Pet Names For a Sweetheart Must Not Be In Marriage License.

Chicago, Sept. 19.—"Pet names for a sweetheart may be all right in courtship, but they ought not to be carried as far as the marriage license window," commented License Clerk Salmonson Monday, upon receiving a letter from Rev. William A. Quayle of this city explaining an error in a license issued a few days ago for the wedding of Ephraim Davis to "Miss Dallas Texas." According to the Rev. Mr. Quayle the correct name of the young woman before marriage to Mr. Davis was Katherine Dalles and her pet name was "Dallas Texas." Rev. Mr. Quayle ascribed the mistake to a "rambling condition of the groom," when Mr. Davis applied for the marriage license. Here is Dr. Quayle's letter to Clerk Salmonson: "Will you note that in the license issued to Ephraim Davis and Catherine Dalles that the groom in his rambling condition in applying for the license gave as the bride's name the pet name her friends always called her. Her name being, as I have written, Catherine Dalles, from which arose the calling her 'Dallas Texas.' I have placed both names in returns.

"WM. QUAYLE."

The marriage was performed on the 12th day of this month. The prosaic municipal records have been duly corrected to accord with reality as to the bride's actual former cognomen.

SCOTCHMEN MUSTER.

Greatest Number Under Arms Since Battle of Flodden Field.

Edinburgh, Sept. 19.—The greatest muster of Scotchmen under arms since the historic battle of Flodden Field was reviewed by King Edward here Monday. The king arrived at the Scottish capital in the morning and proceeded to Holyrood palace, whence, attended by the Duke of Connaught and a brilliant staff, he rode to the parade grounds in King's park, where nearly 40,000 Scottish volunteers marched past his majesty. An enormous number of visitors, many from the north of England, witnessed the review which is expected to assist in counteracting the extreme irritation felt in volunteer military circles over the recent worrying regulations of the war office.

During the march Sir Thomas Lipton, who is honorary colonel of the Second Lanarkshire engineers, and who was leading the regiment past the king. His horse threw him and Sir Thomas was kicked in the face. His injuries are not serious.

St. Louis, Sept. 19.—John B. O'Meara, a former lieutenant governor of Missouri and at present secretary of a local construction company, was held up and badly wounded Monday night on the front porch of his home in a fashionable part of the city. Mr. O'Meara was seated when a well dressed man approached and after inquiring the number of the house suddenly drew a revolver and with the demand "your money or your life," threw himself upon Mr. O'Meara.

A struggle followed, both men rolling down the front steps to the lawn, where the fight continued. As Mr. O'Meara gradually gained the advantage, his assailant loosened his grasp on the revolver and drawing a knife stabbed Mr. O'Meara in the face. The footpad then escaped. Physicians were summoned and five stitches were taken in the wound, which extends from the cheek to the neck.

Consul General Dickinson visited the prisoners and opened the inquiry. Vartanian is charged with the murder of a prominent Armenian merchant, Apik Undjian, in Constantinople Aug. 26. The crime is political. Afarian is accused of participation in the plot to assassinate the sultan July 31, when a bomb exploded at the conclusion of the Selamk ceremony, about forty persons being killed by the explosion. Both Vartanian and Afarian had been sentenced to death, but owing to intervention of American legation the sentences have been quashed and new trials ordered.
